

**You wish to volunteer to help Kalaweit? Thank you!
Here is some information you will need.**

Your availability :

We are seeking both permanent as well as ad hoc volunteers in all countries. Some people are more available than others, not being available often is not a problem to become a volunteer. Everyone can make their contribution according to their skills and available time.

Kalaweit priority needs :

- Increase the amount of Kalaweit Friends. Friends are sponsors who donate a minimum of 5€ per month. The goal is set to 3 500 Friends, which would ensure the financing of minimum activities at Kalaweit and we won't be worried about funds lacking in the future.
- Get known more. Spreading information about Kalaweit's actions is essential: giving out leaflets, holding a stand, sending information on social media, word of mouth, etc. The more we get known, the more sponsors will ensure the durability of our project and will allow us to develop our actions in the field.
- Develop patronage and sponsorship. Several companies and businesses are looking for associations to support but have not necessarily heard of Kalaweit: get them to know us! Contact us so that you can inform the companies about our priority needs and how they can help us.
- Having regional representatives. You will be the intermediary between Kalaweit and other volunteers in your region or district. You will need to be proactive, respect Kalaweit's ethics, volunteer in the long term and be autonomous.
- Collect all kinds of donations such as:
 - Office supplies (reams of A4 paper, envelopes, HP62 ink cartridge),
 - Printing leaflets and posters,
 - Veterinary equipment, trap cameras, GPRS, Go Pro,
 - Loaning a hotel room or Airbnb in Paris for Chanee when he comes to France.

Advice :

Before volunteering, take time to read our website, subscribe to the Association Kalaweit Youtube channel (1 video each Monday) to get to know Kalaweit, our activities and the palm oil problem: massive deforestation, wildlife trafficking, corruption, poverty... This will help you be more confident when talking about Kalaweit.

Our leaflets :

We need your help to spread them more widely; feel free to ask for them.

Here are ideas of places where you can place them: local businesses and shops, veterinary clinics, libraries, community centers, grooming salons...

- ⇒ We don't advise to place them in letterboxes or on cars windscreens as they often end up being thrown away without being read. You can place them with the landlord's agreement or give them out to people who are interested.

Giving out leaflets on the public highway or in shopping centers is controlled. Get information from local authorities or landlords if you intend to do so.

Important remarks:

- You are free to leave Kalaweit whenever you decide
- Your contact details are confidential and can never be given to a third party without your consent
- The use of the Kalaweit logo must be authorized by Kalaweit prior to its use.
- Chaneé is Kalaweit's spokesperson and is the only one to talk to medias, except in extraordinary circumstances.

Stand holding:

We are open to any suggestion for holding stands in your region if it is free or cheap. We can provide you with products from our shop, decor, leaflets, etc. Fees for returning the products can be paid by us at your request.

"La Course des Héros" (the heroes' race):

This race aims to collect a minimum of 250€ between December et June for Kalaweit. In June, at the end of the fund-raising, an event is organized, gathering all the participants and organizations for the race: no competition, just a breath of fresh air in a friendly atmosphere!

Everyone can participate in the heroes' race!

Website: www.lacoursedesheros.com

Fund-raising:

Many companies support organizations like Kalaweit. This can be a part of their CSR policy or decided by their directors. Our actions in favor of protecting biodiversity in Indonesia require important financial support from companies, entrepreneurs, administrations... More and more companies chose to donate to non-profit organizations.

"HeoH": donations with payment terminals

You can help us with the [Good Transaction](#) set up by HeoH. This system collects donations via shopkeepers thanks to the payment terminals. It's free and easy to set up. Collected donation do not count in the sales revenues and do not disrupt your fund register.

We have signed a convention with HeoH and several shops and veterinary clinics have already installed this system to collect donations, you can install it too!

You have ideas :

Don't hesitate to share them with us! They are probably very good. But do not get offended if all your ideas are not accepted... and don't let that keep you from suggesting others!

To complete your registration as a volunteer, you may return the volunteering form attached.

We are happy to count you as a volunteer at Kalaweit!
